

GROWING UP ISN'T EASY, BUT IT CAN BE FUN WITH...

# Growing Smart

**Growing Smart** is a developmental surveillance program that gives Palm Beach County families the opportunity to screen their children at every developmental stage during their first two years of life.

## Program Features

**Growing Smart** teaches and supports parents and caregivers to identify possible developmental and/or behavioral problems that may otherwise have eluded early detection.

Children identified through the **ASQ-3 and/or the ASQ:SE-2** as needing early intervention will receive further assessments, and may be referred to appropriate services within the **Healthy Beginnings System of Care**.

## Developmental Areas

- Communication
- Fine Motor Skills
- Gross Motor Skills
- Problem Solving
- Personal Social Skills

**Growing Smart:** (561) 383-9800 x1804

**Referral Line:** (561) 383-9871
