**Thousands of Palm Beach County families have found services through HomeSafe to build a better future for their children. Let us help you too!**

**HomeSafe** works with families from birth to age 5. A specialist will meet with you and your child for free to determine if your child is developing at a healthy pace.

**HomeSafe** can connect you to Healthy Beginnings, a network of 29 programs available to children, families and pregnant women in Palm Beach County. These programs range from ones that deal with behavioral issues to others that encourage reading and learning.

Oftentimes, families have no idea what services are available for free until they reach out to **HomeSafe**. Services are offered in several languages, including English, Spanish and Creole.

**HomeSafe** receives funding from Children's Services Council of Palm Beach County.

To get connected to **HomeSafe** and the Healthy Beginnings programs, call (561) 383-9871.
